

# Index Theory and Price Statistics

by Peter von der Lippe

Peter Lang Verlag (publisher), 2007

## Brief contents

<b>1</b>	<b>General introduction and elementary price index theory</b>	<b>1</b>
	1.1 Fundamental principles of price statistics and price indices	1
	1.2 Unweighted indices	17
	1.3 Index formulas of Laspeyres and Paasche	27
<b>2</b>	<b>Approaches in index theory</b>	<b>47</b>
	2.1 Outline of index theories or “approaches”	47
	2.2 Irving Fisher's approach and reversal tests	52
	2.3 The stochastic approach in price index theory	78
	2.4 Elements of the economic theory of index numbers	90
	2.5 Chain indices and Divisia's approach, general introduction	132
	2.6 Additive models, Stuvell's and Banerjee's index formulas	149
<b>3</b>	<b>Axioms and more index formulas</b>	<b>165</b>
	3.1 The axiomatic approach, some theorems and fundamental axioms	165
	3.2 Fundamental axioms and their interpretation	185
	3.3 Systems of axioms	216
	3.4 Log-change index numbers I: Cobb-Douglas- and Törnqvist-index	226
	3.5 Log-change index numbers II: Vartia's index formulas	243
	3.6 Ideal index functions and Theil's Best Linear Index (BLI)	255
<b>4</b>	<b>Price collection and index systems in official statistics</b>	<b>263</b>
	4.1 The set up of a system of price quotations and price indices in official statistics	263
	4.2 Quality adjustment in price statistics	271
	4.3 Sampling in price statistics	299
<b>5</b>	<b>Deflation and aggregation</b>	<b>315</b>
	5.1 Introduction to deflation methods	315
	5.2 Deflation in volume terms, aggregation and double deflation	328
	5.3 Harmonization of deflation methodology in Europe	350
	5.4 Fisher's ideal index far from being ideal	362

<b>6</b>	<b>Price indices and unit value indices in official statistics</b>	<b>371</b>
6.1	The Consumer Price Index (CPI) and the Harmonized Index of Consumer Prices (HICP) in Europe	371
6.2	Some controversial issues in inflation measurement	390
6.3	Producer Price Indices (PPI)	405
6.4	Price indices and unit value indices, foreign trade and wage indices	415
<b>7</b>	<b>Chain indices</b>	<b>429</b>
7.1	Arguments in favour of the chain index approach	429
7.2	Properties of chain indices	456
<b>8</b>	<b>Interspatial comparisons of prices and volumes</b>	<b>497</b>
8.1	Introduction into interspatial comparisons	497
8.2	Overview of methods proposed for multinational comparisons	516
8.3	"Block methods" (Geary-Khamis etc.) for multinational comparisons	533
8.4	Averaging methods (generalizations of the binary case) for multinational comparisons and related methods	551
